THE MEANS for HOW WE SHOULD LIVE
GUEST INTERVIEW | PASTOR LEE SHIPP
A WALK ON THE BEACH WITH DrZ

THE MEANS for HOW WE SHOULD LIVE

BY DR. PHILIP ZIMMERMAN

Titus 2:11-15

If you're taking a road trip to a new destination and don't have a smart mobile device with GPS mapping you'll likely be looking for something very hard to find. Not just the destination, but a physical road map that illustrates the way.

Paul tells us in Titus 2:11-15 that God has provided us an internal GPS with full mapping capabilities, hazard identification, and best route selection based upon current conditions. God's Grace Powered Solution (GPS) provides three critical mapping features for directing travel on your journey in life.

For the grace of God has appeared that offers salvation to all people. It teaches us to say "No" to ungodliness and worldly passions, and to live self-controlled, upright and godly lives in this present age, while we wait for the blessed hope—the appearing of the glory of our great God and Savior, Jesus Christ, who gave himself for us to redeem us from all wickedness and to purify for himself a people that are his very own, eager to do what is good. These, then, are the things you should teach. Encourage and rebuke with all authority.

Grace Powered Solution (GPS) Features:

- 1: Offers salvation to all people.
- 2: Teaches us to say "No" to ungodliness and worldly passions.
- 3: Teaches us to live self-controlled, upright and godly lives in this present age.

GRACE is more than just a word or thought or vaporous expression of a concept. God's grace administered in our hearts by the Holy Spirit teaches us daily how to get out of the ruts our lives have worn and where to find new paths to journey that lead to a life filled with joy, prayer and thanksgiving. Consciously begin to depend upon God's GPS.

GUEST INTERVIEW PASTOR LEE SHIPP

EPISODE #014

On this episode DrZ engages in an open and engaging conversation with Pastor Lee Shipp as they talk about the importance of an eternal perspective for believers. Many prophetic signs of the times spoken of by Jesus and prophets of both the Old and New Testaments are being fulfilled and/or just blooming that all point to the return of Jesus Christ.

While cultural turmoil and global instability have always been around, the current global crises and unrest are "biblical" in proportion and indicate something big or someone important is coming soon!

The episode launches with the reading of Titus 2:11-15. Then the conversation is structured around four primary questions.

Question 1: Is what we are experiencing in terms of cultural and global unrest just a historical cycle or is something unusual going on?

Question 2: We are told in the Scriptures that trials, suffering, persecutions, and the testing of our faith are not only to be expected, but somehow beneficial to our lives now. Is this right?

Question 3: What would a believers typical lifestyle look like culturally today if we really said "No" to ungodliness and worldly passions, and lived self-controlled, upright and godly lives in this present age?

Question 4: When you think with an Eternal Perspective – what do you see in and about the future that changes your attitudes and behavior today? And, Does it always work?

Pastor Lee Shipp can be contacted at The First New Testament Church in Baton Rouge, Louisiana. Their website is: FNTChurch.org.

A WALK ON THE BEACH WITH DrZ

Episode #015 will be a free flowing beach walk conversation about the reality of heaven and hell. The world has been lulled to sleep once again in the belief that mankind either goes nowhere when we die (i.e. we cease to exist) or we all go to the same nirvana sort of place for possible recycling back here into another life. Both alternatives are extremely attractive in the light of where the unsaved really go – to an eternal lake of burning Sulphur where there will be torment, thirst, and presence of a worm that doesn't stop turning forever and ever.

Knowing this to be true, how do we express the love God has for the unbeliever? Grace and Truth!
