GOING WHERE THE EVIDENCE LEADS

BY DR. PHILIP ZIMMERMAN

Romans 1:18-20

In the six days of Creation of the Genesis Creation narrative found in Genesis Chapter 1, God reveals his invisible qualities - his divine power and eternal nature. He did this to prove to mankind his existence and the fact that He could be known. But mankind in our wickedness has continued to suppress the truth of the Creation narrative and the existence of God by wickedness (See Romans 1:18-20).

If you want to know how we got to where we are culturally, you need go no further than the assertion that the Genesis Creation narrative is myth.

The wrath of God is being revealed from heaven against all the godlessness and wickedness of people, who suppress the truth by their wickedness, since what may be known about God is plain to them, because God has made it plain to them. For since the creation of the world God's invisible qualities—his eternal power and divine nature—have been clearly seen, being understood from what has been made, so that people are without excuse.

Psalm 19:1-4

The heavens declare the glory of God; the skies proclaim the work of his hands. Day after day they pour forth speech; night after night they reveal knowledge. They have no speech, they use no words; no sound is heard from them. Yet their voice goes out into all the earth, their words to the ends of the world.

ON THE PATH WITH DrZ

Do not be deceived: God cannot be mocked. A man reaps what he sows (Gal. 6:7).

As science and the methods of inquiry reached farther into space, deeper into the realm of particle physics/quantum mechanics, and eventually the discovery and mapping of the human genome and the language of DNA scientists are at a loss to explain what they observe. And rather than chaos and randomness they discover incredibly intricate and precise order that seems to be influenced and/or emanating from another dimension.

Yet the science academies refuse to go where the evidence leads; unleashing the wrath of God against mankind - turning us over to ourselves and wiles of the devil.

SEA CREATURES | BIRDS IN AIR | LAND ANIMALS

EPISODE #020

On the fifth day God created all the teaming creatures in the seas according to their kinds and all the birds in the sky according to their kinds. He blessed them and told them to be fruitful and multiply; filling the seas and increasing on earth.

On the sixth day God created three different kinds of animals: wild animals, live stock, and creatures that move along the ground. He also created mankind in His image and likeness; male and female.

One of the biggest insults to God is the theory of evolution, reducing mankind to nothing more than a cosmic accident with no more worth than a squirrel or roach. And what's worse is the ease at which God's image bearers allowed this heresy to permeate into our cultures; giving over ourselves and our children to the charge of our enemy; the devil.

On the sixth day, God blessed mankind and gave him two commands to obey: 1) Be fruitful, multiply, fill the earth and subdue it; and 2) Rule over the fish, the birds, and animals. In essence, God turned his creation over to mankind to care for it moving forward.

As we will see throughout the rest of the Bible until the end of the book of Revelation, this blessing and these commands have not been lifted. Mankind has an obligation or is in essence under a covenant with God to fully submit to the conditions of planet stewardship. And the breaking of that obligation/covenant results in permanent removal from the eternal state to be lived out on the surface of a new earth to be created at the end of this age.

Lastly, notice God created kinds of sea creatures, birds, and land animals yet only one kind of man. From that one man he made woman, and they were responsible for every other human ever to be born on earth. Mankind is not a throw away - but rather the precious creation of God through whom He can fully express and share his eternal love.

The Honeymoon

On our next episode, #021, we'll explore the honeymoon period of mankind and God in the Garden of Eden. There was a time before Adam ate the fruit where he, then he and Eve communed with God in His eternal bliss.

The question is, were they limited to our current space-time dimensionality, or where they multi-dimensional creatures? Experiencing a heavenly existence on earth similar to what is spoken of in Revelation 21 and 22 in the new heavens and new earth yet to be created.

We don't see this banishment until the end of Chapter 3. Up until then, Adam and Eve may have experienced the earth as a most magical type of place. And their powers of subduing and ruling the earth may have been quite extensive; although perhaps untested or proved due to their short stay.

There is much to explore in the episodes ahead. Thank you for reading.
